

MOLYSLIP MPG

Multi-Purpose Grease with Molybdenum

Molyslip Multi-Purpose Grease
Part #5970 400g

MULTI-PURPOSE GREASE

is part of the Molyslip family
of specialty lubricants

- AS/40 and AS/65 assembly pastes
- engine, hydraulic and gear oil supplements
- Copaslip anti-sieze compound
- high temp grease
- extreme duty grease
- moly spray grease
- diesel fuel conditioner
- combat penetrating oil
- open gear spray

Molyslip Multi-Purpose Grease (MPG)

- Reduces wear and maintenance
- Provides extreme pressure properties
- Protects against oxidation
- Extends component life

Molyslip MPG's 4 Points of Protection

Non-melt Formula

Our non-melt formula ensures that Molyslip MPG will remain effective in high temperature environments up to 425°F (218°C).

Waterproof Properties

MPG's water proof properties prevent grease breakdown when subject to water or salt spray.

Corrosion Inhibitors

Corrosion inhibitors keep your bearings and other metal surfaces protected in all types of environments.

Molybdenum Disulfide

Molybdenum Disulfide plates onto metal surfaces leaving a protective barrier able to withstand loads in excess of 140,000 p.s.i.

Reduces Operating Costs:

- Allows increased greasing intervals
- Less grease required per application
- Less equipment down time
- Longer component life

Molyslip MPG provides the extra measure of protection that ordinary greases don't. Your equipment needs the protection of Molyslip MPG!
